Thermos.com replacement parts. Thermos to keep milk hot. Thermos 74 cooler parts. Thermos cooler replacement parts. Thermos king spare parts. Thermos replacement parts uk. Jura milk cooler not cooling.

To get replacement parts for Thermos coolers, contact the company's customer service team at 800-831-9242. If you're sending a defective unit or component, include a written explanation of what's needed and send it directly to the manufacturer's factory service department in Batesville, Mo., as listed on their website. Thermos covers defects due to material and workmanship for the product's normal lifetime, but not wear and tear, fading, or damage caused by abuse or negligence. If you're looking for a specific replacement part, like a latch for your Thermos ice chest model 7115 (also known as models 72115 and 7106), you can try contacting Thermos directly. However, it's possible that the parts may no longer be manufactured. Alternatively, you can explore Thermos' spare parts list on their website, which includes products like Funtainer and Stainless King. You can also search for local retailers or online stores like Amazon to find the replacement part you need. You don't have to be an engineer to fix small issues or replace parts - you can do it yourself! For more complex repairs, check out our THERMOS YouTube channel. Now's a great time for new adventures and new beginnings. As a special treat, use the code to get 20% off all THERMOS FLASKS, MUGS, BOTTLES, COOLER PRODUCTS. Order any spare part today and receive the discount when you add another item to your shopping cart (excluding spares). Here's a list of available products: 41 items Note that our hinges work with Thermos coolers but might require new hole drilling. We have lifetime-guaranteed hinges for Thermos coolers, which are UV-resistant, food-safe, recyclable, made in the USA, self-lubricating, corrosion-resistant, and feature a patented design. They're designed to replace factory-installed hinges and come with high-quality stainless steel screws.
